1. What is the "consent of the Commissioner?"

Some educational institutions must be incorporated by the Board of Regents (e.g. historical societies, libraries, museums and charter schools). Other entities may be formed under the Not-for-Profit Corporation Law, the Business Corporation Law, the Partnership Law or the Limited Liability Company Law with the consent of the Commissioner of Education.

If a corporate, limited partnership or limited liability company name and/or purposes imply educational activities or relate to any of the professions licensed under Education Law Title VIII (see <http://www.op.nysed.gov/>), the consent of the Commissioner of Education must be attached to the document as a precondition to its filing with the Department of State (See Education Law §216, Not-for-Profit Corporation Law §404[d], Business Corporation Law §301, Partnership Law §121-102, Limited Liability Company Law §204.) The consent is issued for the sole purpose of filing a corporate or organizational document with the Department of State.
